

# BULK REMOVALS

- Bulk packaging as defined by DOT means a packaging other than a vessel or a barge including a transport vehicle or freight container, in which hazardous materials are loaded with no intermediate form of containment and which has:
  - A maximum capacity greater than 450L (119 gallons) as a receptacle for a liquid
  - A maximum net mass greater than 400kg (882 pounds) and a maximum capacity greater than 450L as a receptacle for a solid; or
  - A water capacity greater than 454kg (1000 pounds) as a receptacle for a gas as defined in 173.115 of this subchapter.

# BULK REMOVALS

- Clins used for bulk removals
  - XX06 clins are for bulk liquids
  - XX07 clins are for bulk solids
  - XX07DB clins are for bulk solid debris
